

Our Ref: Cir 2018-01  
Date: 29 January 2018  
To: Suppliers of Gas Cookers  
Subject Scheme: Consumer Protection (Safety Requirement) Registration

---

Dear all,

This is an **addendum** to the **Circular dated 25 September 2017** imposing a condition limiting registration of gas cookers to those with a power rating not exceeding 5 kW (inclusive).

Kindly note that, and until further notice, applications for gas cookers similar in make/design to the gas cookers involved in the incidents and with power ratings close to the limit of 5 kW (i.e. below 5kW but above 4.0 kW) will be considered strictly on a case-by-case and application-by-application basis. In the interests of consumer safety, and pending conclusion of the investigations and inquiries in the incidents, these applications may be rejected if appropriate and at the discretion of the Safety Authority.

Yours faithfully  
Andrew Yap  
Head,  
Consumer Protection, Weights & Measures Division
